About Collin College's Program

The Collin College Physical Therapist Assistant program is ideal for students who are interested in entering the field of physical therapy. This two-year program includes classroom, lab, and clinical education opportunities to obtain the foundation, knowledge, and technical experience needed as a physical therapist assistant. Upon completion, students will earn a Physical Therapist Assistant Associate of Applied Science degree and be eligible to take the licensure board examination. The program will equip students to work in this rewarding career field under the direct supervision of a physical therapist.

Why become a Physical Therapist Assistant?

- Help people recover from pain, injury, surgery, and disease
- Help people regain their function and live healthier lives
- Flexible hours
- Work in a hands-on profession
- Build a foundation for a career in physical therapy
