

DISTRACTED DRIVING

Drivers in their **20's** make up **27%** of the distracted drivers in fatal crashes. (NHTSA)

Over **153.3 billion texts** were sent in the US every month as of December 2013. (CTIA)

The **BIG 3** Distractions

visual

manual

cognitive

Text messaging requires **visual**, **manual** and **cognitive** attention from the driver, making it the most alarming distraction by far.

No matter which one you decide to chose, downloading a safe driving app is a big step towards driving without distraction. Use your phone as a safety tool, and keep yourself accident-free.
