REQUEST FOR SPECIAL CIRCUMSTANCES

Student Information

Name: _____ CWID: _____

When filing the FAFSA, a family's 2022 total income is used in determining eligibility for financial aid for the 2024-2025 academic year. However, special circumstances may occur that result in a significant, sustained change in the household's total income since filing. In these cases, a student may request a re- evaluation of their financial aid eligibility using 2023 or 2024 actual or estimated income information. Before we can process your request, our office must have received your 2024-2025 FAFSA, and if you were chosen for verification by the Dept. of Education, you will have to complete that process first.

The Financial Aid Office will process your request for Special Circumstances upon receipt of this form and all required documentation and you will be notified of the results. Filing this form may or may not result in an increase in financial aid.
