It will be held at the Dallas convention center

11. **Open Forum:** A couple of students gave their opinion about helping out with community service in the area and that we need to find out more about that and getting outreach to the community. Amy gave the idea about giving back to the school and with the extra money making a “wish” list with the 3 kitchens in items that they would like. With any extra money that we have we can buy equipment for the kitchens. Sherry gave the idea about Frisco Family services serving hot meals to the families in Frisco twice a month and that maybe that was something to look into.
