

COLLIN
COLLEGE

Founded in 1985, Collin College has grown into a higher education powerhouse with more than 53,000 students and a reputation for excellence. This multi-campus community college district is located in one of the fastest-growing regions in the country, and students flock to Collin for an unmatched combination of award-winning programs and state-of-the-art facilities paired with the lowest tuition in the state.

Collin College is a partner to business, government, and industry, providing customized training and workforce development through Collin Corporate College. In addition, the college operates the Collin Higher Education Center, which has an enrollment of more than 3,200 each year in partnership with The University of Texas at Dallas, Texas Woman's University, Texas A&M University–Commerce, Texas Tech University, and the University of North Texas.

The next decade will be an exciting time of growth for Collin College, and it's important for all our stakeholders to know **we're here for you**. Believe me, "here" is a remarkable place to be!

A handwritten signature in black ink that reads "H. Neil Matkin". The signature is written in a cursive, slightly slanted style.

H. Neil Matkin, Ed.D.
District President
