

## **Local Hospitals with Staff Trained to Assist Survivors of Sexual Assault**

Medical exams can address physical needs or trauma and assess for sexually transmitted infections (STIs) or pregnancy. If you request it or if you have already reported the incident to a law enforcement official, a sexual assault nurse examiner (SANE) or doctor will conduct both a forensic and medical exam and collect evidence. Having a forensic exam conducted does not require you to file a police report, proceed through the criminal justice process, or submit a report to Collin College, but it will preserve evidence in the event you decide to do so at a later time. Victims are encouraged to file a police report, proceed through the criminal justice process, or submit a report to Collin College if they are comfortable doing so.

Note: Victims have the right not to report a crime or to decline to notify authorities, including law enforcement, if they so choose.

For evidence collection to take place, it is best for an exam to occur within five (5) days (i.e., 120 hours) of the incident. It is advised that you do not shower, bathe, douche, eat, drink, wash your hands, change your clothes, brush your teeth, smoke, use the toilet, clean the location where the incident occurred, or do anything that may interfere with the collection of evidence. If you do change your clothes, save the clothing you were wearing and be sure to take it with you to the hospital in a paper (not plastic) bag. It is also important to share as much information as you can remember with medical personnel. Learn more about the sexual assault exam process online at [www.rainn.org/articles/rape-kit](http://www.rainn.org/articles/rape-kit).

Collin County has a mobile SANE team. If you go to any hospital in Collin County, the staff can contact the mobile SANE team, and they will come to that hospital to assist you.

You can receive attention at any medical facility; however, the following local hospitals have specially trained staff to assist survivors of dating violence, domestic violence, sexual assault, and stalking. Victims 17 years of age and younger must be seen at a hospital with an approved colposcope. These hospitals are noted with an asterisk (\*) below. Collin College does not provide transportation to any of these hospitals.

### **Baylor Scott & White Medical Center – McKinney\***

5252 W. University Drive  
McKinney, Texas 75071  
Phone: 469.764.1000
